Sending positive thoughts and energy to the emergency service teams, their families, and members of the communities affected

SPRING HIGHLIGHTS

May and June 2024 NHTSA Certification Courses class in Butte County and the check up event in Sutter County

National Digital Check Form

We encourage you to visit the website for the digital checkup form, this will provide your respective counties with data that you can then use when applying for future child passenger safety funding.

The hard copy version of the new NDCF tool is available now. The Dashboard will have new variables and offer vehicle compatibility with car seats.

To read more about the use of the NDCF [HERE](#) is a very short policy brief recently released by the National Safety Council (nsc.org).

Partnership for Health Equity and Inclusion
